

# Louis Sirianni AIA, LEED, Principal

---

## Education

---

Master of Architecture (Urban Design)  
Harvard University 1974

Bachelor of Architecture, Carnegie-Mellon University  
School of Fine Arts 1969

## Registrations and Memberships

---

American Institute of Architects (AIA)

National Council of Architectural Registration  
Boards (NCARB)

Boston Society of Architects (BSA)

Architectural Registration in Massachusetts,  
Pennsylvania, Ohio, Michigan and Florida

## LEED Certification

---

Mr. Sirianni has completed Advanced LEED Training and has been certified as a LEED-Accredited Professional.

## Museum Experience

---

Mr. Sirianni has been exclusively designing museums and working with museum directors and staff, curators, conservators, and exhibit designers since joining the firm 27 years ago. He has worked as architect on major museums throughout the United States and has gained extensive experience and considerable expertise in museum architectural design, construction, and planning.

Mr. Sirianni has also had related design experience that supplements his museum experience. He has been the principal designer of a number of urban design projects of large-scale mixed use development, involving housing, commercial, museum and other institutional uses. As a result of this experience he is better able to incorporate the site organization and circulation, establish criteria for, and analyze optional building sites for new museums. He also has had experience with rehabilitation projects for housing, education, and museum uses.

## Teaching Experience

---

Mr. Sirianni was a design studio critic at the Boston Architectural Center School of Architecture from 1974 to 1980. In addition, he has served as guest design critic at the Massachusetts Institute of Technology.

## Projects

---

Major projects include the following.

### Science and Technology Museums:

- St. Louis Science Center, St. Louis, MO
- Liberty Science Center, Jersey City, NJ
- Great Lakes Science Center, Cleveland, OH
- Virginia Marine Science Museum, Virginia Beach, VA
